What Customers Are Saying

Eric Clapton Professional Musician

"On occasion I help out bands by joining them on tour. Rather than purchase a pricey amplifier I rent one from the Guitar Center in the town where the gig is located. Saves me money and from the hassle of lugging heavy equipment from town to town."

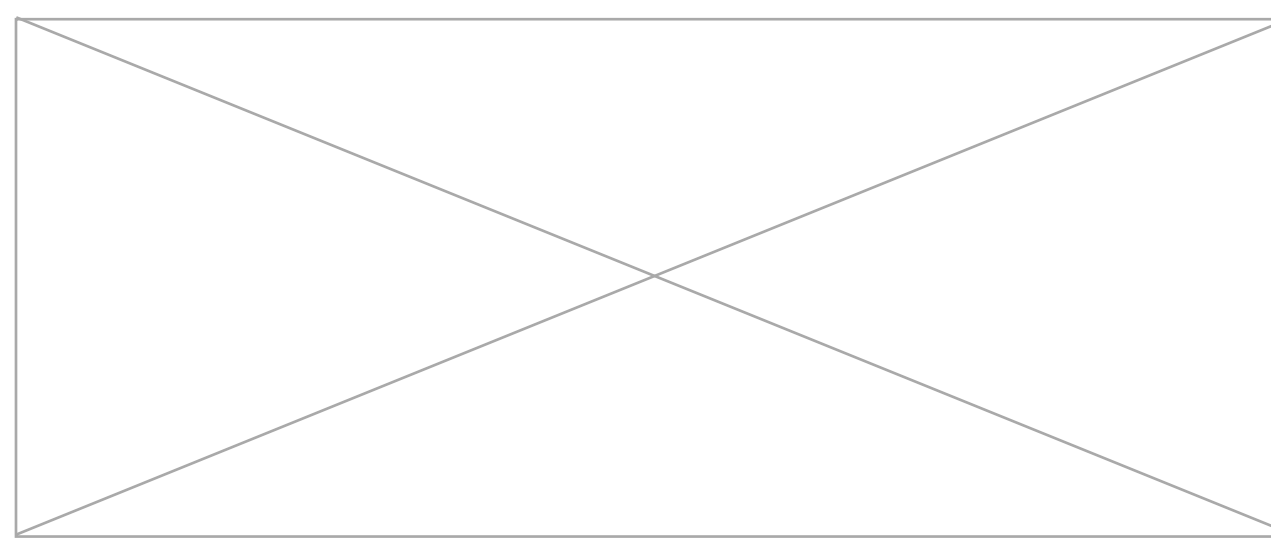

Laura Semple Music Teacher

"I recommend Guitar Center to the parents of students taking any of my classes. From the beginning keyboard player to the aspiring DJ I know the professionals at Guitar Center will have the knowledge and experience to equipment my students with the latest and greatest gear for the length of time they need."

Taylor McDaniels Sound & Lighting Engineer

"The gang at Guitar Center has saved me more than a few times. I never imagined the breadth of gear available for rent and the quality is outstanding. They don't rent low-quality or banged up gear, oh no. Guitar Center rents the latest gear on the market and make continuous replacements. I get the chase to use the coolest and best gear."
